Yes, we received comments on “any existing controls” from PacifiCorp, Basin Electric, and Western Minnesota Municipal Power Agency.

For PacifiCorp, see for example page 36 of their original comment letter (EPA-R08-OAR-2012-0026-0149).

For Basin, see for example page 81 (bottom) of their original comment letter (EPA-R08-OAR-2012-0026-0148).

For Western Minnesota Municipal Power Agency, see for example page 3-4 of their comment letter (EPA-R08-OAR-2012-0026-0130).

I don’t recall that WYDEQ commented on this issue.

Laurel and Aaron

I need to send the actual comments we received to OGC on the existing control issue (Matt notes that some of the write-up in that section is actual quotes and some are summaries), and he wants to see the actual comments.

The attached are the late comments we received, and attachments.

The question I have for you is whether we received any comments before the close of public comment, and if so, from whom. If you let me know, I can get them.

Thanks,

Sara L. Laumann
